BGB). Only corrections and amendments that are reasonable for the Security Holders taking into account the interests of the Issuer and that in particular do not materially impair the legal and financial situation of the Security Holders will be permitted. § 3

Exercise Right, Exercise, Knock-out, Exercise Notice, Suspension of the Exercise Right, Payment

- (1) *Exercise Right:* Subject to the occurrence of a Knock-out Event, the Security Holder shall be entitled, according to the Terms and Conditions of these Securities, to demand for each Security the payment of the Differential Amount from the Issuer.
- (2) *Exercise:* The Exercise Right can be exercised by the Security Holder on each Exercise Date prior to 10:00 a.m. (Munich local time) pursuant to the provisions of paragraph (4) of this § 3.
- (3) *Knock-out:* Upon the occurrence of a Knock-out Event, the Exercise Right forfeits and the Knock-out Amount will be paid for each Security.
- (4) *Exercise Notice:* The Exercise Right shall be exercised by the Security Holder by transmission of a duly completed written Exercise Notice (the "**Exercise Notice**") to the Principal Paying Agent possibly per facsimile, using the form of notice which may be

obtained from the Website of the Issuer or, respectively by specifying all information and declarations to the facsimile number set out in such form of notice and by transferring the Securities stated in the Exercise Notice to the account of the Issuer, which is set out in the respective form of the Exercise Notice. For this purpose the Security Holder must instruct its depositary bank, which is responsible for the order of the transfer of the specified Securities.

The Exercise Right is deemed to be effectively exercised on that day on which (i) the Principal Paying Agent receives the duly completed Exercise Notice prior to 10:00 a.m. (Munich local time) and (ii) the Securities specified in the Exercise Notice will be credited to the account of the Issuer prior to 5:00 p.m. (Munich local time).

For Securities, for which a duly completed Exercise Notice has been transmitted in time, but which has been credited to the Issuer's account after 5:00 p.m. (Munich local time), the Exercise Right is deemed to be effectively exercised on that Banking Day, on which the Securities will be credited to the account of the Issuer prior to 5:00 p.m. (Munich local time).

For Securities, for which a Security Holder transmits an Exercise Notice, which does not comply with the aforementioned provisions, or, if the Securities specified in the Exercise Notice have been credited to the Issuer's Account after 5:00 p.m. (Munich local time) of the fifth Banking Day following the transmission of the Exercise Notice, the Exercise Right is deemed to be not effectively exercised.

The amount of the Securities for which the Exercise Right shall be exercised, must comply with the Minimum Exercise Amount or an integral multiple thereof. Otherwise the amount of the Securities specified in the Exercise Notice will be rounded down to the nearest multiple of the Minimum Exercise Amount and the Exercise Right is deemed to be not effectively exercised with regard to the amount of Securities exceeding such amount. An Exercise Notice on fewer Securities than the Minimum Exercise Amount is invalid and has no effect.

Securities received by the Issuer and for which no effective Exercise Notice exists or the Exercise Right deems to be not effectively exercised, will be retransferred by the Issuer without undue delay at the expense of the relevant Security Holder.

Subject to the aforementioned provisions, the transmission of an Exercise Notice constitutes an irrevocable declaration of intent of the relevant Security Holder to exercise the respective Securities.

(5) *Suspension of the Exercise Right:* The Exercise Right cannot be exercised:

- (a) during the period between the day, on which the company specified in § 1 of the Product and Underlying Data (the "**Company**") publishes an offer to its shareholders to acquire (a) new shares or (b) warrants or other securities with conversion or option rights on shares of the Company, and the first day after the expiration of the period determined for the exercise of the purchase right;
- (b) prior and after the shareholders' meeting of the Company, in the period from

(and including) the last depositary day for shares and to (and including) the third Banking Day after the shareholders' meeting.

If the exercise of the Exercise Right is suspended on an Exercise Day according to the previous sentence, the Exercise Date will be postponed to the first Banking Day after such suspension.

- (6) *Payment:* The Differential Amount will be paid five Banking Days after the respective Valuation Date pursuant to the provisions of § 6 of the Special Conditions.

The Knock-out Amount will be paid five Banking Days after the day, on which the Knock-out Event has occurred, pursuant to the provisions of § 6 of the Special Conditions.

§ 4

Differential Amount

- (1) *Differential Amount:* The Differential Amount per Security equals an amount in the Specified Currency, which will be calculated or, respectively, specified by the Calculation Agent as follows:

$\text{Differential Amount} = (\text{Relevant Reference Price} - \text{Strike}) \times \text{Ratio}$

However, the Differential Amount is not lower than the Minimum Amount.

- (2) When calculating or, respectively, determining the Differential Amount, no fees, commissions or other costs charged by the Issuer or a third party authorised by the Issuer, will be taken into account.

§ 5

Issuer's Regular Call Right, Issuer's Extraordinary Call Right

- (1) *Issuer's Regular Call Right:* The Issuer may call the Securities in whole but not in part at each Exercise Date (the "**Regular Call Right**") and redeem them pursuant to § 4 (1) of the Special Conditions at the Differential Amount. In the case of such a call, the Exercise Date, at which the Issuer exercises its Regular Call Right (the "**Call Date**") is deemed to be the Valuation Date. The Exercise Right remains unaffected until the Call Date. With the beginning of the Call Date all Exercise Rights forfeit.

The Issuer will give notice of such call at least one month prior to the Call Date pursuant to § 6 of the General Conditions. Such notice shall be irrevocable and will specify the relevant Call Date.

The Differential Amount will be paid five Banking Days after the Call Date pursuant to the provisions of § 6 of the Special Conditions.

- (2) *Issuer's Extraordinary Call Right:* Upon the occurrence of a Call Event the Issuer may call the Securities extraordinarily by giving notice pursuant to § 6 of the General Conditions

and redeem the Securities at their Cancellation Amount. Such call shall become effective at the time indicated in the notice. The application of §§ 313, 314 BGB remains reserved.

The "**Cancellation Amount**" shall be the fair market value of the Securities as of the first Banking Day before the extraordinary call becomes effective, determined by the Calculation Agent in its reasonable discretion (§ 315 et seq. BGB) under then prevailing circumstances. The determination of the fair market value is based on the economic equivalent of the Issuer's payment obligations to the Security Holders consistent with the provisions for the redemption profile, interest or other additional amounts of the Securities that would otherwise be due after the day on which the extraordinary call becomes effective and which is adjusted for taking into consideration the following parameters as of the first Banking Day before the extraordinary call becomes effective: the price of the Underlying, the remaining time to maturity, the estimated volatility, the expected dividends (if applicable), the current market interest rate as well as the interest spread associated with the credit default risk of the Issuer and any other relevant market parameter that can influence the value of the Securities. The Cancellation Amount will be paid within five Banking Days following the date as of which the extraordinary call becomes effective, or at the date specified in the above mentioned notice, as the case may be, pursuant to the provisions of § 6 of the Special Conditions.

§ 6

Payments

- (1) *Rounding:* The amounts payable under these Terms and Conditions shall be rounded up or down to the nearest EUR 0.01, with EUR 0.005 being rounded upwards. However, at least the Minimum Amount shall be paid.
- (2) *Business day convention:* If the due date for any payment under the Securities (the "**Payment Date**") is not a Banking Day then the Security Holders shall not be entitled to payment until the next following Banking Day. The Security Holders shall not be entitled to further interest or other payments in respect of such delay.
- (3) *Manner of payment, discharge:* All payments shall be made to the Principal Paying Agent. The Principal Paying Agent shall pay the amounts due to the Clearing System to be credited to the respective accounts of the depository banks and to be transferred to the Security Holders. The payment to the Clearing System shall discharge the Issuer from its obligations under the Securities in the amount of such a payment.
- (4) *Interest of default:* If the Issuer fails to make payments under the Securities when due, the amount due shall bear interest on the basis of the default interest rate established by law. Such accrual of interest starts on the day following the due date of that payment (including) and ends on the effective date of the payment (including).

§ 7

Market Disruptions

- (1) *Postponement:* Notwithstanding the provisions of § 8 of the Special Conditions, if a Market Disruption Event occurs on a Valuation Date, the respective Valuation Date will be postponed to the next following Calculation Date on which the Market Disruption Event no longer exists.

Any Payment Date relating to such Valuation Date shall be postponed if applicable. Interest shall not be payable due to such postponement.

- (2) *Discretionary valuation:* Should the Market Disruption Event continue for more than 8 consecutive Banking Days the Calculation Agent shall determine in its reasonable discretion (§ 315 et seq. BGB) the respective Reference Price required for the calculations or, respectively, specifications described in the Terms and Conditions of these Securities. Such Reference Price shall be determined in accordance with prevailing market conditions at 10:00 a.m. (Munich local time) on the 9th Banking Day, taking into account the economic position of the Security Holders.

If within these 8 Banking Days traded Derivatives of the Underlying expire and are settled on the Determining Futures Exchange, the settlement price established by the Determining Futures Exchange for the there traded Derivatives will be taken into account in order to conduct the calculations or, respectively, specifications described in the Terms and Conditions of these Securities. In that case, the expiration date for those Derivatives is the relevant Valuation Date.

§ 8

Adjustments, Replacement Specification

- (1) *Adjustments:* Upon the occurrence of an Adjustment Event the Terms and Conditions of these Securities (in particular the Underlying, the Ratio and/or all prices of the Underlying, which have been specified by the Calculation Agent) and/or all prices of the Underlying determined by the Calculation Agent on the basis of the Terms and Conditions of these Securities shall be adjusted in such a way that the economic position of the Security Holders remains unchanged to the greatest extent possible. Such adjustments shall be made by the Calculation Agent in its reasonable discretion (§ 315 et seq. BGB). Any such adjustment will be performed taking into consideration any adjustments made by the Determining Futures Exchange to the there traded Derivatives linked to the Underlying, and the remaining term of the Securities as well as the latest available price of the Underlying. If the Calculation Agent determines that, pursuant to the rules of the Determining Futures Exchange, no adjustments were made to the Derivatives linked to the Underlying, the Terms and Conditions of these Securities shall regularly remain unchanged. The exercised adjustments and the date of the first application shall be notified pursuant to § 6 of the General Conditions.
- (2) *Replacement Specification:* If a price of the Underlying published by the Relevant

Exchange pursuant to the Terms and Conditions of these Securities will subsequently be corrected and the correction (the "**Corrected Value**") will be published by the Relevant Exchange after the original publication, but still within one Settlement Cycle, then the Calculation Agent will notify the Issuer of the Corrected Value without undue delay and shall again specify and publish the respective value by using the Corrected Value (the "**Replacement Specification**") pursuant to § 6 of the General Conditions.

- (3) The application of §§ 313, 314 BGB remains reserved.

What are the key risks that are specific to the Issuer?

Risks related to the Issuer's financial situation: Risk that HVB Group will not be able to meet its payment obligations on time or in full or to obtain sufficient liquidity when required as well as that liquidity will only be available at higher interest rates, and the risk that the bank will only be able to liquidate assets on the market at a discount could create liquidity problems for HVB Group and thus could result in a limited ability to fund its activities and meet its minimum liquidity requirements.

Risks related to the Issuer's specific business activities: Risks arising from the normal business activities of HVB Group, which involve credit risk in the lending business, market risk in the trading business as well as risks from other business areas like the real estate and financial investment business activities of HVB Group could have an adverse impact on HVB Group's profitability and financial position.

General risks related to the Issuer's business operations: Risks from inadequate or failed internal processes, systems and people or from external events, risks caused by adverse reactions of stakeholders due to their altered perception of the bank as well as risks from unexpected negative changes in the business volume and/or margins (that are not attributed to other risk types) could result in potential losses and/or a reduction of the fair value of the bank.

Legal and regulatory risk: Changes of the regulatory and statutory environment of HVB could result in higher capital costs and a rise of costs for the implementation of regulatory requirements. In cases of non-compliance with regulatory requirements, (tax) laws, regulations, statutory provisions, agreements, mandatory practices and ethical standards, the public perception of HVB Group and its financial situation could be negatively affected.

Strategic and macroeconomic risk: Risks resulting from management either not recognising early enough or not correctly assessing significant developments or trends in the bank's environment and risks arising from negative economic developments in Germany and on the international financial and capital markets could have a negative effect on the assets, liabilities, financial position and profit or loss of HVB Group. It can be expected that the global spread of the coronavirus will significantly slow down global economic growth in the first half of the year.

It is also possible that the burden will last longer depending on the course of the pandemic.

Section 3 – Key information on the Securities

What are the main features of the Securities?

Product Type, Underlying and form of the Securities

Product Type: Call Turbo Open End Securities (Non-Quanto)

Underlying: Société Générale S.A. (ISIN: FR0000130809)

The Securities are issued as bearer bonds within the meaning of § 793 German Civil Code (*Bürgerliches Gesetzbuch*). The Securities will be represented by a global note and are freely transferable. The international securities identification number (ISIN) of the Securities is set out in Section 1.

Issuance, Nominal Amount and Term

The Securities will be issued on 23 November 2020 in Euro (EUR) (the "**Specified Currency**"), without a nominal amount, as up to 1,500,000 Certificates. The Securities have an indefinite term. They continue until the exercise of the Exercise Right by the Security Holder or the exercise of the Issuer's Regular Call Right by the Issuer, unless a Knock-out Event occurs. Upon the exercise of such a right, the term of the Securities will end on the respective Exercise Date.

Exercise Right

Subject to the occurrence of a Knock-out Event or unless the Securities are terminated by the Issuer, the Security Holder has the right to demand of the Issuer the payment of the Differential Amount per Security (Exercise Right).

The Exercise Right may be exercised by the Security Holder on each Exercise Date.

The Differential Amount will be calculated by subtracting the Strike from the Relevant Reference Price. The difference will be multiplied by the Ratio.

The Differential Amount will not be lower than EUR 0.-.

Upon the effective exercise of the Exercise Right, the Differential Amount will be paid five Banking Days after the respective Valuation Date.

Knock-out

Upon the occurrence of a Knock-out Event, the Exercise Right lapses and the Knock-out Amount will be paid for each Security.

The Knock-out Amount will be paid five Banking Days after the day, on which the Knock-out Event has occurred.

A Knock-out Event occurs if starting on the First Trade Date the relevant price of the Underlying at any time is on or below the Knock-out Barrier.

The Knock-out Amount corresponds to EUR 0.-.

Issuer's Regular Call Right

The Issuer may terminate the Securities on any Exercise Date in full but not in part and repay them at the Differential Amount.

Additional definitions and product terms

On the 19 November 2020 the Strike is equal to the Initial Strike. Thereafter, the Strike will be

adjusted on any calendar day. In particular, dividend payments of the Underlying as well as the proportionate financing costs of the Issuer are taken into account. The financing costs are determined on the basis of a current market interest rate (Reference Rate) and the applicable Risk Management Fee. As a result, the Strike usually approaches the current price of the Underlying, provided the price of the Underlying does not rise accordingly.

Exercise Date means the last trading day of each month of January, February, March, April, May, June, July, August, September, October, November and December of each year.

Valuation Date means the Exercise Date on which the Exercise Right has been effectively exercised, or the Exercise Date, as the case may be, on which the Issuer has exercised its Regular Call Right.

The Knock-out Barrier is always equal to the Strike.

Relevant Reference Price means the Reference Price of the Underlying on the respective Valuation Date.

Reference Price	Ratio	Initial Knock-out Barrier*	Initial Strike*	Reference Rate	Initial Risk Management Fee*
Closing price	0.1	EUR 14.25	EUR 14.25	EURIBOR1M=	4%

* Values as of 19 November 2020. After this date, the values may be different.

Extraordinary termination right: The Issuer has the right to extraordinary terminate the Securities at the fair market value of the Securities upon the occurrence of certain Call Events (for example, if price quotation of the Underlying on the relevant exchange is finally ceased).

Adjustment right: The Terms and Conditions of the Securities may be adjusted by the Calculation Agent if an Adjustment Event occurs (for example, the company that issued the Underlying performs a corporate action).

Status of the Securities: The obligations under the Securities constitute direct and unsecured obligations of the Issuer and rank pari passu with all other unsecured and unsubordinated obligations of the Issuer. In the case of a resolution (bail-in), the Securities will, within the liability cascade, be considered only after all non-preferred liabilities of the Issuer.

Where will the Securities be traded?

No application for the Securities to be admitted to trading on a regulated market has been made. However, application to listing will be made with effect from 19 November 2020 on the following multilateral trading facilities (MTF): Euronext Access Paris.

What are the key risks that are specific to the Securities?

The specific risk factors related to the Securities, which in the view of the Issuer are material, are described below:

Risk related to the rank and characteristic of the Securities in the case of a failure of the Issuer: The Security Holders bear the risk of the insolvency of the Issuer. Moreover, Security Holders may become subject to resolution measures in relation to the Issuer if the Issuer is failing or likely to fail.

Specific Risks related to the payment profile of the Securities: There is a particular risk that the price of the Underlying will fall and that the value of the Securities and the payments will be

disproportionately adversely affected. As a result, the Security Holder may suffer a loss of the amount paid to purchase the Securities. Even a total loss is possible. The risk of the occurrence of a Knock-out Event may increase significantly due to the regular adjustment of the Knock-out Barrier. Upon the occurrence of a Knock-out Event, the term of the Securities ends and the Security Holder suffers a total loss of the amount paid to purchase the Securities. The performance of the Underlying can have a disproportionately adverse effect on the value of the Securities due to the leverage effect typical for the Securities.

Risks arising from the Terms and Conditions of the Securities: The Security Holders bear a risk of loss if the Securities are terminated by the Issuer. The Securities will then be redeemed at their fair market value of the Securities. This may be lower than the amount that the Security Holder would have received if there had been no extraordinary termination of the Securities. In addition, Security Holders bear a reinvestment risk. Moreover, the Security Holders bear a risk of loss if an adjustment of the Terms and Conditions is made or if a market disruption occurs.

Risks related to the investment in, the holding and selling of the Securities: The Security Holders bear the risk that the market price of the Securities may be subject to severe fluctuations during the term of Securities and that the Security Holder is not able to purchase or to sell the Securities at a specific time or for a specific price.

Risks related to Shares as Underlying: The price of a Share can fall sharply or it can become worthless due to the insolvency of the issuer of the Share. A change in the business development of the issuer of the Share can adversely affect the price of the Share for the Security Holder. The price of a Share can fluctuate strongly due to psychological effects on the stock markets. In the event of extraordinary events, the material conditions and risk profile of a Share can change significantly.

3. Section – Informations clés sur les Titres

Quels sont les principales caractéristiques des Titres?

Type de Produit, Sous-Jacent et nature des Titres

Type de Produit: Titres Call Turbo Open End (*Call Turbo Open End Securities*) (Non-Quanto)

Sous-Jacent: Société Générale S.A. (ISIN: FR0000130809)

Les Titres sont des titres de créance au porteur conformément à la Section 793 du Code Civil allemand (*Bürgerliches Gesetzbuch, BGB*). Les Titres seront représentés par un certificat global et peuvent être cédés librement. Le code ISIN (*International Securities Identification Number*) des Titres est indiqué à la Section 1.

Emission, Valeur Nominale et Maturité

Les Titres seront émis le 23/11/2020 et libellés en euros (EUR) (la "**Devise Prévue**") sans valeur nominale, avec un nombre maximum de 1.500.000 Certificats. Les Titres sont à durée indéterminée. Ils existent jusqu'à l'exercice du Droit d'Exercice par le Porteur des Titres ou l'exercice de Droit d'Achat Ordinaire de l'Emetteur par l'Emetteur, à moins qu'un Evénement Knock-out se produise. En cas d'exercice de l'une de ces options, l'échéance des Titres se terminera à la Date d'Exercice correspondante.

Droit d'Exercice

Sous réserve de la survenance d'un Evénement Knock-out et à moins que les Titres n'aient été résiliés par l'Emetteur, le Porteur de Titres a le droit de demander à l'Emetteur le paiement du Montant Différentiel par Titre (Droit d'Exercice).

Le Droit d'Exercice peut être exercé par le Porteur de Titres à chaque Date d'Exercice.

Le Montant Différentiel sera calculé en retranchant le Strike du Prix de Référence Concerné. La différence sera multipliée par le Ratio.

Le Montant Différentiel ne sera pas inférieur à 0,- euro.

Dès l'exercice effectif du Droit d'Exercice, le Montant Différentiel sera payé cinq Jours de Banque après la Date de Constatation correspondante.

Knock-out

Dès la survenance d'un Evénement Knock-out, le Droit d'Exercice expire et le Montant Knock-out sera payé pour chaque Titre.

Le Montant Knock-out sera payé cinq Jours de Banque après le jour où l'Evénement Knock-out est survenu.

Un Evénement Knock-out survient si à partir de la Première Date de Négociation le prix concerné du Sous-Jacent est à tout moment inférieur ou égal à la Barrière de Knock-out.

Le Montant Knock-out correspond à 0,- euro.

Droit d'Achat Ordinaire

L'Emetteur peut résilier les Titres à toute Date d'Exercice en totalité mais non en partie et les rembourser au Montant Différentiel.

Définitions supplémentaires et modalités du produit

Au 19/11/2020, le Strike est égal au Strike Initial. Ensuite, le Strike sera ajusté à chaque jour calendaire. En particulier, les paiements de dividendes du Sous-Jacent ainsi que les coûts de financement proportionnés de l'Emetteur sont pris en compte. Les coûts de financement sont déterminés sur la base d'un taux d'intérêt de marché actuel (*Reference Rate*) et des Frais de Gestion des Risques applicables. De cette manière, le Strike se rapproche généralement du prix actuel du Sous-Jacent, à conditions que le prix du Sous-Jacent n'augmente pas en conséquence.

Date d'Exercice signifie le dernier jour de négociation de chacun des mois de janvier, février, mars, avril, mai, juin, juillet, août, septembre, octobre, novembre et décembre de chaque année.

Date de Constatation signifie la Date d'Exercice à laquelle le Droit d'Exercice a été valablement exercé, ou la Date d'Exercice, selon le cas, à laquelle l'Emetteur a exercé son Droit d'Achat Ordinaire.

La Barrière de Knock-out est toujours égale au Strike.

Prix de Référence Concerné signifie le Prix de Référence du Sous-Jacent à la Date de Constatation correspondante.

Prix de Référence	Ratio	Barrière de Knock-out Initiale*	Strike Initial*	Reference Rate	Frais de Gestion des Risques Initial*
cours de clôture	0,1	EUR 14,25	EUR 14,25	EURIBOR1M=	4%

* Valeurs au 19/11/2020. Après cette date les valeurs peuvent être différentes.

Droits de résiliation extraordinaire: L'Emetteur a le droit de résilier de façon extraordinaire les Titres à leur juste valeur de marché à la survenance de certains Cas de Rappel (*Call Event*) (par exemple, si la cotation du prix du Sous-Jacent sur la bourse concernée cesse définitivement).

Droit d'ajustement: Les Modalités (*Terms and Conditions*) des Titres peuvent être ajustées par l'Agent de Calcul (*Calculation Agent*) si un Cas d'Ajustement (*Adjustment Event*) survient (par exemple, si la société qui émet le Sous-Jacent effectue une opération sur titres).

Rang des Titres: Les engagements découlant des Titres constituent des engagements directs et non-assortis de sûretés de l'Emetteur, venant pari passu, par rapport à tous les autres engagements non-assortis de sûretés et non-subordonnés de l'Emetteur. En cas de résolution (renflouement interne ou "bail in"), les Titres viendront, dans l'ordre de priorité des passifs, uniquement après tous les passifs non-privilegiés de l'Emetteur.

Où les Titres seront-ils négociés?

Aucune demande d'admission des Titres à la négociation sur un marché réglementé n'a été effectuée. Cependant, une demande d'admission à la cotation prenant effet au 19/11/2020 sera effectuée sur les systèmes multilatéraux de négociations (SMN) suivants: Euronext Access Paris.

Quels sont les principaux risques spécifiques aux Titres?

Les facteurs de risque spécifiques aux Titres, qui de l'avis de l'Emetteur sont significatifs, sont décrits ci-dessous:

Risque lié au rang et aux caractéristiques des Titres en cas de défaillance de l'Emetteur: Les Porteurs de Titres supportent le risque d'insolvabilité de l'Emetteur. De plus, les Porteurs de Titres peuvent faire l'objet de mesures de résolution à l'égard de l'Emetteur si ce dernier manque ou est susceptible de manquer à ses obligations.

Risques spécifiques liés au profil de paiement des Titres: Il existe un risque particulier que le cours du Sous-Jacent chute et que la valeur des Titres et les paiements soient négativement affectés de manière disproportionnée. En conséquence, le Porteur de Titres peut subir une perte du montant payé pour acquérir les Titres. Même une perte totale est possible. Le risque de survenance d'un Evénement Knock-out peut augmenter significativement en raison de l'ajustement régulier de la Barrière de Knock-out. Dès la survenance d'un Evénement Knock-out, le terme des Titres est déchu et le Porteur de Titres subit une perte totale du montant payé pour acquérir les Titres. La performance du Sous-Jacent peut avoir un effet négatif disproportionné sur la valeur des Titres en raison de l'effet de levier caractéristique des Titres.

Risques découlant des Modalités des Titres: Les Porteurs de Titres courent un risque de perte si les Titres sont résiliés par l'Emetteur. Les Titres feront l'objet d'un remboursement à leur juste valeur de marché. Ce montant peut être inférieur au montant que le Porteur de Titres aurait reçu s'il n'y avait pas eu de résiliation extraordinaire des Titres. En outre, les Porteurs de Titres supportent un risque de réinvestissement. De plus, les Porteurs de Titres supportent un risque de perte en cas d'ajustement des Modalités ou en cas de perturbation du marché.

Risques liés à l'achat, la détention ou la vente des Titres: Les Porteurs de Titres supportent le risque que le prix de marché des Titres soit soumis à de fortes fluctuations pendant la durée de vie des Titres et que le Porteur de Titres ne soit pas en mesure d'acheter ou de vendre les Titres à un moment précis ou à un prix déterminé.

Risques liés au Sous-Jacent lorsqu'il s'agit d'une Action: Le prix d'une Action peut chuter abruptement ou perdre sa valeur en raison de l'insolvabilité de l'émetteur de l'Action. Un changement dans le développement commercial de l'émetteur d'une Action peut affecter négativement le prix de l'Action pour le Porteur de Titres. Le prix d'une Action peut fluctuer fortement en raison des effets psychologiques sur les marchés actions. En cas d'événements extraordinaires, les conditions matérielles et le profil de risque d'une Action peuvent changer significativement.

En outre, l'Emetteur peut détenir des informations sur le Sous-Jacent qui ne sont pas accessibles au public. Il n'existe aucune obligation de divulguer ces informations aux Porteurs de Titres. En ce qui concerne la négociation des Titres, il existe un conflit d'intérêt pour l'Emetteur étant donné que l'Emetteur est également le Teneur de Marché (*Market Maker*) sur la plateforme Euronext Paris et en conséquence, par exemple, peut déterminer les prix des Titres. L'Emetteur est également l'arrangeur, l'Agent de Calcul et l'Agent Payeur (*Paying Agent*) des Titres. Des Distributeurs pourraient recevoir des incitations de la part de l'Emetteur.
